KEY EXPERIENCE

Daniel is a Director at DEVPART. A Chartered Management Accountant and a Chartered Global Management Accountant (CGMA), Daniel advises enterprises in both public and private sector in strengthening their financial management. He holds a Practising Certificate (MiP) from the Chartered Institute of Management Accountants.

He worked for over 15 years in a Firm of Chartered Accountants (ex-Andersen) primarily in management consultancy and business systems consulting; he was the Financial Controller of the consulting arm of the Practice. He has also worked in Commerce & Industry for over 3 years in senior management positions. He has acquired significant experience in providing Financial Management services, implementing Management Control systems and setting up Cost Accounting systems. He has provided interim Financial Controlling services to several privately-owned enterprises. Daniel has acquired solid experience in managing and running Accounting & Consulting Practices. He has also acquired “hands on” experience as a manager in commerce & industry working as a key member of multidisciplinary teams.

Daniel was involved in the elaboration of the *National ICT Strategic Plan (2007-2012)* of Mauritius. On an *infoDev/World Bank* funded project, he chaired a management committee responsible for the development of a business incubator in the ICT sector.

He also advises leaders of family-owned businesses to balance business strategy with family expectations, creating appropriate governance and organisational structures. As non-executive director of several boards, Daniel has experience and exposure at the strategic level of organisations. He is a member of the Audit & Governance Committee of the largest provider of medical insurance scheme in Mauritius.

Daniel is a past-President and an active member of CIMA Mauritius Branch committee. On a voluntary basis, he guides and mentors young people in their professional development and career.

RELEVANT WORK EXPERIENCE

National Aids Secretariat – Mauritius (2010)

Daniel worked as Local Consultant on a GMS project to strengthen the National AIDS Secretariat, PR of the HIV/AIDS GF Round 8 grant. As the Local Consultant on the project, acted as team member of a four-person team assisting NAS in their first implementation of a GF grant. Specifically, Daniel was assigned to use financial management skills to strengthen NAS grant management system, and participated in the completion of a financial management manual. Between the Consulting team's visits and after the final visit, he was required to do regular follow ups on the ground and feedback team members on progress.

Mauritius – Development of local office of International Pharmaceutical enterprise – (2010-11)

Daniel worked with the Regional Office of this multinational in the pharmaceuticals sector to set up the financial management operations of a local office in Mauritius. This assignment involved setting up the accounts payable system, monthly reporting to Regional Office and funds management.

Mauritius – Budget Controller of Employers' Federation (Feb – Mar 2012)

With over 1,000 corporate members, the Mauritius Employers' Federation (MEF) is the largest federation of private sector employers in Mauritius. Daniel was appointed as interim Budget Controller to coordinate the budgeting process. Working closely with the accountant and management team of the MEF, Daniel implemented a responsibility accounting system and co-ordinated the preparation of the 2012 Budgets which were thereafter approved by MEF Council in March 2012.

Mauritius – Trusted business advisor to diversified group of companies (Current)

Currently advising the owners of a family business on the business re-structuring and governance.
